this book contains the second part of a practical path to the liberation of consciousness it is about consciousness giving birth to time and space that every human being consists of 5 bodies and that the known universe is located in a matrix of 13 dimensions of consciousness the book consists of 2 parts kurt walchensteiner has researched and meditated for many years and has described over 1000 properties space consciousnesses and personality types of being human there is a multi

dimensional structure of consciousness that defines the human being comparable to an inner platform knowledge of this structure has been lost thousands of characteristics orders and space consciousnesses from 13 dimensions form an inner universe in the human being space and time determine this structure anyone who wishes to study human consciousness will find an almost indescribable treasure trove of knowledge in this book some traditions contain individual contents the places of light and darkness mentioned in the gnostic text pistis sophia as well as the 13 crystal skulls of the mayan religion refer in their original meaning to the 13 dimensions of consciousness orders and space consciousnesses can also be found in other religions and teachings which when taken out of context take on different positions this structure of consciousness is as old as the human being itself it explains the origin of man and also the path that the human being is moving towards every human being has to face the challenge of being a human being this means moving into one s own interior recognizing the dimensions of consciousness and becoming what every human being carries as an inner potential the path to this is the practice of liberating consciousness and thus fulfilling what it means to be human this is the content of these two books translation from german kurt richard walchensteiner with the help of supertext com translate google com dict leo org and languagetool org de
