baptism a universal christian activity should be a mark of unity yet practice and theology are often divisive the author explores the biblical foundations for baptism and explains the various modes of baptism to provide assurances that god is at work through the water and the word his thesis is that through baptism a person enters into a new life with a new relationship to god it is an abundant life christians often deal with baptism in relation to death what happens to those who die unbaptized the early church would more likely have asked what happens to those who live without baptism the point comes through over and over again in this book that baptism is a baptism unto life from scripture and from broad pastoral experience morris vaagenes unfolds an appreciation of baptism both for everyday life and for eternal life

scripture is far from silent on the subject of baptism yet history is strewn with such a variety of perspectives that it becomes difficult to gain a clear view of what the bible itself actually has to say how would the original readers of acts romans or colossians have understood the texts concerning baptism when they read them for the very first time how do readers of today understand the baptismal references of the new testament if they have no particular commitment to a certain theological point of view in thirteen chapters dr cottrell discusses the twelve major texts in the new testament and does so by examining the meaning of the original words the historical background and the comparative references the texts covered matthew 28 18 20 mark 16 15 16 john 3 3 5 acts 2 38 39 acts 22 16 romans 6 3 4 1 corinthians 12 13 galatians 3 26 27 ephesians 5 25 27 colossians 2 11 13 titus 3 5 1 peter 3 21 p 4 of cover
