illness is a universal experience there is no privilege that can make us immune to its touch we are taught to assume health illnesses being just temporary breakdowns in the well oiled machinery of the body but illness has its own geography its own laws and commandments at a time when the attention of the whole nation is focused on health care kat duff inquires into the nature and function of illness itself duff a counselor in private practice in taos new mexico wrote this book out of her experience with chronic fatigue syndrome but what she has to say is applicable to every illness and every one of us for those who are sick this book offers solace and recognition for those who care for them either physically or emotionally it offers inspiration and compassion finally this fresh perspective on healing reveals how every illness is a crucible that tries our mettle tests our limits and provides us with an unparalleled opportunity to integrate its lessons into our lives

while western doctors look for disease mechanisms which are the same form person to person chinese doctors look for overall patterns of

disharmony which are unique to each individual ted kaptchuk who studied medicine in china originally intended to translate chinese medical texts into english but quickly realized that it would take more than simple translation to convey the meaning of a diagnosis like damp heat affecting the spleen instead in the that has no weaver he explains the theory and philosophy of chinese medicine as well as methods of diagnosis and treatment in terms that can be understood by a western reader the chinese emphasis on interconnectedness nad change takes on a very specific character in the context of medicine when the chinese physician examines a patient he or she plans to look at many signs and symptoms and to make of them a diagnosis to see in them a pattern each sign means nothing by itself and acquires meaning only in its relationship to the patient s other signs

this pioneering book unites both western and traditional chinese medicine to present a step by step methodology for evaluating and treating depression with acupuncture using research oriented trials it addresses fundamental issues in acupuncture research and offers guidelines for the design of acupuncture treatment studies
